PAULA QUINN:

I remember after our first year, I remember talking to Laura and saying, Is this like our years almost up? So, I got to make the most of it.

And I remember, you know, she was saying, don't worry, like you're always going to be a purple paladin. And there was a sense of relief because I have, we have gained so much

assistance, strategic advising, financial support, awareness, branding, marketing.

I mean, you name it, like Grant Thornton has helped us every step of the way if Grant Thornton didn't find us and we didn't have all this exposure, we probably would not be impacting the lives of many people at the scale that we are today.
