

# fa.x transcript

#### 00:00:00:00 - 00:00:53:29

#### **VOICEOVER (FEMALE):**

Accounting for fixed assets can be a significant burden on your corporate tax function. You need timely and accurate tax insights during each stage of the asset lifecycle to make sure you're in compliance with current tax laws and regulations.

You need efficiency, you need quality, you need confidence. To get greater confidence in your fixed asset reporting, we leverage efficient automation technology with fixed asset tax insights into your data, providing customized reporting. That's the power of fa.x, an alyx solution powered by Grant Thornton. fa.x offers cloud based automation with visualizations and fixed asset professionals who guide and supplement the technology to mitigate risks, optimize depreciation and generate cash tax savings.

### 00:00:54:01 - 00:01:16:15

## **VOICEOVER (FEMALE):**

Driving efficiencies from the fa.x platform, you can redeploy your personnel to focus on more value added activities. The result? fa.x gives you resources, answers and agility to meet your tax fix asset needs. This is fa.x, with help from alyx.

"Grant Thornton" refers to the brand under which the Grant Thornton member firms provide assurance, tax and advisory services to their clients and/or refers to one or more member firms, as the context requires. Grant Thornton International Ltd (GTIL) and the member firms are not a worldwide partnership. GTIL and each member firm is a separate legal entity. Services are delivered by the member firms. GTIL does not provide services to clients. GTIL and its member firms are not agents of, and do not obligate, one another and are not liable for one another's acts or omissions.
